

CNAR 2022 WORKSHOP:
A GUIDE TO FITNESS TO PRACTISE FROM THE EXPERTS
OCTOBER 24TH, HALF DAY (A.M.)

What You Will Learn: The WeirFoulds LLP team has advised numerous regulatory colleges in Ontario and prosecuted hundreds of fitness to practise cases involving professionals with substance use and/or mental health disorders. This hands-on skills-based workshop will address common stages of fitness to practise (FTP) or incapacity matters, taking participants from the initial stages of a matter through to its conclusion, with a particular focus on resolution strategies as well as how to distinguish between discipline and fitness to practise matters. In addition, participants will have an opportunity to hear the perspectives of the members who are facing these proceedings and the physicians who conduct examinations of them. This workshop will provide participants with the chance to practice and refine their skills in a supportive environment. Participants will develop practical skills both through individualized feedback from our instructors and from their peers as they work through interactive exercises.

Join us for this highly informative half-day session!
